

Prairie Rose School Division invites you to attend:

# Growing Mathematicians

April 10th, 2015 at the Carman United Church, 9:00 a.m.—3:30 p.m.

Through a child-centered approach, with time for reflections, conversations, goal setting, and some hands-on fun, learn about

- ◆ The development of the numeracy skills that pre-school children need for successful transition to Kindergarten
- ◆ How to build on those skills during the Kindergarten year, and how to support student achievement of the mathematics curriculum learning outcomes
- ◆ How to create a rich and playful learning environment that encourages children's counting, sorting, matching, comparing, measuring, patterning, and building of shapes.
- ◆ Which teaching strategies best support children's numeracy development at home, in childcare or in other early learning sites and at school

***FREE*** within the

Prairie Rose School Division to all;

- ◆ Parents
- ◆ Teachers
- ◆ Early Childhood Educators
- ◆ Parent Advisory Councils

**Out of Division:** \$20 lunch fee

To **REGISTER** please visit  
[www.prsdmb.ca](http://www.prsdmb.ca) or contact  
Lorraine at [lgirouard@prsdmb.ca](mailto:lgirouard@prsdmb.ca)  
or at (204) 745-2003  
before **APRIL 3**.

*Lunch will be provided.*

Manitoba Education's Early Childhood Education Unit provides leadership and support to school divisions in the area of early learning for children up to age 8. Through a collaborative approach, the unit partners with school divisions, other government departments (provincial, federal), educational stakeholder groups, and parents to promote developmentally appropriate programming and services that help to prepare children for successful school entry and optimal learning in the Early Years.

Prairie Rose School Division presents:

# Growing Mathematicians

Presented by: Debra Mayer, ECE Consultant, Early Childhood Unit
